AQUA ECHO

Oceans' Echo is located in Fish Hoek, which is nestled between historic Simon's Town and quaint Kalk Bay, on the South Peninsula. The area is a perfect combination of natural beauty and entertainment and due to the "warm current" (5-7 degrees warmer than the Atlantic side) that flows along that side of the coastline, boasts some of the best swimming beaches in Cape Town.

The owner of the property and housekeeping are personally on hand to manage the day to day running of the villa. Although they strive to be always accessible, the villa is the guests' retreat and they promote privacy by being visible through their actions and not their presence. By request, the owner whom is a skilled and enthusiastic cook can not only cater to your personal culinary needs but, also plan any itinerary with her local knowledge.

This Villa accommodation is a luxury, contemporary styled, 5 en-suite bedroom house, set against the mountain with panoramic sea views that offer unforgettable sunrises. We can accommodate 10 people and the house is perfectly suited for holidaymakers, local travellers, honeymooners, business travellers, adventure travellers, weekend getaways and golfing enthusiasts. Our Image Gallery gives more insight.
